PROFESSIONAL SUMMARY

E-commerce Operations professional with 5.6 years at Amazon, specializing in Tier-1 vendor catalog operations across international marketplaces. Skilled in catalog quality, SLA/KPI management, escalation handling, root-cause analysis, and process improvement, with a track record of driving measurable gains through structured QA, workflow automation, and reporting improvements. Working knowledge of SQL and Excel, with exposure to Tableau, QuickSight, and dashboard development.

PROFESSIONAL EXPERIENCE

Catalog Specialist I ML — Amazon, Delhi *Jun 2026 – Sep 2026*

- Resolved a high-volume caseload for 100+ Tier-1 Selling Partners across the Germany marketplace — ~32 email cases/day at a 15-minute average handling time (AHT) — meeting policy compliance and SLA targets.
- Performed root-cause analysis on recurring Selling Partner issues and partnered cross-functionally to resolve high-priority escalations within SLA, consistently meeting Quality, Productivity, and AHT targets.

Senior Catalog Associate — Amazon, Delhi *Dec 2023 – Jun 2026*

- Managed Tier-1 vendor catalog operations for Apple, Samsung, and Lakmé across international marketplaces, driving 35% GMS growth and a 60% reduction in catalog defects through structured QA and process improvements.
- Authored a Business Requirements Document (BRD) for a self-service reporting solution — defining the problem, current-state process, and metric logic — projected to eliminate ~10 min/associate/interval of manual reporting and save an estimated 2 HC across EU3.
- Identified a manual process bottleneck across 10 EU marketplaces and coordinated with the tech team to automate it, driving a rollout that processed ~10 lakh ASINs/month and saved ~301 hours/month (~1.71 HC impact).
- Became an RBS-accredited trainer, onboarding and training 30+ associates across marketplaces; received 10+ stakeholder shout-outs (2022–2025) across Germany, Canada, and EU vendor teams for Ownership and Customer Obsession.
- Resolved a Sony bestseller ASIN Buy Box issue that had remained open for nearly a year, by coordinating the required investigation and fix.

Catalog Associate — Amazon, Bengaluru *Feb 2021 – Nov 2023*

- Managed premium product catalogs for Tier-1 vendors across international marketplaces, ensuring listing accuracy and content quality; streamlined recurring reports using Excel macros, reducing manual reporting effort.
- Delivered a Quality Improvement session on Images & troubleshooting for the EU3 RBS team and, as POC for Image OU uploads, fixed an outdated 360-degree image SOP across EU8 marketplaces — unblocking ~220 pending cases.
- Mentored and trained 7+ new hires (incl. 3 from UK marketplace); resolved 70+ high-ageing/OOSLA cases in one week (Q1 2023), improving TP90 — consistently ranked on the weekly Wall of Fame post-probation.
